an Ape!**

FORMAT

# Your Mum Was an Ape!

**Your Mum Was an Ape!** is a hilarious quiz show for the whole family where all of the questions are related to humans and other animals. It is also the first quiz show where the DNA of all contestants has been tested, in order to reveal their genetic ancestors from the last ice age. Who, for instance, is related to "Ice Man" Ötzi from the Alps?

As viewers watch the program, they will understand more of their own animal origins. The show is recommended for everybody except people - or whales - who have a strong tendency to avoid facts of nature.

**Your Mum Was an Ape!** brings out funny curiosities about humans and animals, and it presents us humans as part of nature.

**Your Mum Was an Ape!** has been on air on The Finnish Broadcasting Company's YLE1 Channel, where it has reached a 22% share on Sunday Evening 6.20 pm.

The **Your Mum Was an Ape!** concept has been originally created, produced and broadcasted by **The Finnish Broadcasting Company YLE**. The format is distributed by **Aito Media**.
